5. If products carry a manufacturer's warranty, the auctioneers will announce this at the time of sale.
6. While descriptions are believed to be accurate, the auctioneer and seller make no warranties or guarantees, expressed or implied, as to the genuineness, authenticity of, or defect in any item(s) being auctioned and will not be held responsible for any advertising discrepancies or inaccuracies. Everything is sold "AS IS" and "WHERE IS," except as expressly made in writing. No warranties are made as to the merchantability of any item(s) being auctioned or their fitness for any particular purpose.
7. It is the buyer's responsibility to secure all safety equipment to meet all applicable government safety standards in using or removing the items purchased. Certain pieces of this equipment may

- contain residual chemicals. The purchasers hereby indemnify and hold harmless the auctioneers and seller from any and all damages, claims or liabilities from any injuries to persons or property of any type whatsoever caused during the sale or during the removal of the items purchased.
8. If any shortages exist on estimated counts, an adjustment will be made only if claims are made at the time of removal. No adjustment will be allowed after purchased item(s) are removed from the premises. The seller and auctioneer have no liability to the buyer due to the nondelivery of any purchased item(s).
9. Under no circumstances can the auction item(s) be removed during the time the auction is being conducted. The removal (check-out) period will be announced at the time of auction.
10. Any material handling equipment being sold at the auction will be used in the removal of auction item(s) during the removal (check-out) period. Purchasers acknowledge that this equipment will not be picked up until the final day of check-out.
11. The auctioneer reserves the right to group one or more item(s) into one or more selling lots, and to add to and/or delete lots and/or offer any selling lots as operating units prior to offering them individually, by the piece, at auctioneer's sole discretion. The auctioneer reserves the right to reject any bid which is only a fractional advance over the preceding bid. (Where the owner is indebted to or has a monetary guarantee from the auctioneer, the auctioneer or the owner may bid for one or more lots through a representative or agent to protect their interests.)
12. Arrangements for the removal and shipment of purchased item(s) will be the sole responsibility of the buyer pursuant to and as part of the contract of sale.

13. In the event the buyer fails to pay the entire purchase price within the time set forth by the auctioneers and/or fails to comply with any of the conditions or terms of the sale, the seller may retain and/or recover the deposit specified as the liquidated damages. The item(s) that are not paid for will then be resold at public or private sale without further notice. The auctioneers will not be responsible for items that are not removed within the time period allowed. If the equipment is not removed within the specified removal period, the item(s) shall be deemed abandoned.
14. This auction is being conducted in accordance with Section 2328 of the Uniform Commercial Code and appropriate penal code sections, as well as any applicable state and local laws.
